CONTENTS

ABOUT US

Arktos is an emerging Canadian brand dedicated to delivering innovative, energy-efficient lighting and clean energy solutions for commercial and industrial applications.

Arktos offers a comprehensive portfolio of high-performance LED lighting products designed to meet the highest standards of quality, efficiency, and reliability. Looking ahead, the brand will expand beyond lighting by introducing a complete photovoltaic Inverter (PV) and energy storage ecosystem, providing customers with integrated renewable energy solutions.

Driven by innovation, sustainability, and customer-focused service, Arktos is committed to helping businesses reduce energy costs, improve operational efficiency, and build a smarter, greener future.

PANEL

- Fixture never yellowing
- Ambient temperature up to 40°
- High efficacy meet DLC premium
- Glare free lighting
- Accessories available for hanging, surface mounting
- The entire fixture functions as a heat sink to keep the
- LEDs cooler to prolong the life of the light
- 5 Year warranty

CERTIFIED

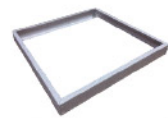

SPECIFICATIONS (2X2)

Selectable Wattage - 15/19/24/29W	120-347V	DLC Premium
Selectable CCT - 3500/4000/5000K	3770 Lumen	cUL Certified
110lm/W Standard 130lm/W Premium	50/60 Hz	5 Years Warranty

HIGHBAY

- Die formed galvanized steel, white paint
- High efficacy meet DLC premium
- Isolated driver with wide voltage input option
- Accessories available for hanging, and pendant mount
- Flat frosted PMMA lens, clear lens as optional
- Accessories available for hanging, surface mounting
- Various emergency backup and sensor options
- 5 Year warranty

SPECIFICATIONS (2FT)

Wattage - 70/90/110W	16500 Lumen	Flat Frosted PMMA Lens, Clear Lens as Optional
